BU BEN KO

SPECIALTIES: Custom WordPress Development, Touch Tour Signage, Deployment, ADA Accessibility, Branding, Interactive Property Site Plan Design

SUMMARY

As a web developer with expertise in design, I find that a functional and sophisticated approach enhances user's encounters with front-end Javascript solutions. I approach each project with an architect's lens in mind, by marrying algorithmic problem-solving with compelling visuals.

EXPERIENCE PROFESSIONAL

Frey Design   06/2020 - Present
Front-End Web Developer / Graphic Designer   Roselle, IL

Led the Domain-Driven Design approach when building custom applications. Developed and maintained in-house projects based on WordPress (PHP, MySQL, JavaScript, CSS). Worked with the bupsiness leaders to develop new systems to support and enhance their daily operations.

107design (b95digital)   01/2019 - Present
Founder   Chicago, IL

Created and implemented tailored marketing plans based on individual client requirements. Evaluated trends, assess new data and keep up-to-date with the latest marketing strategies. Shaped brand standards and created procedures to ensure all products are brand appropriate.

Lindenwood University, Interactive Media and Web Design Firm   01/2020 - 05/2020
Digital Designer   St. Louis, MO

Produced mock-ups, digital and print graphics under tight deadlines. Performed revisions and usability tests to improve the quality of existing designs. Created intperactive solutions with team leaders, designers and developer team.

E-Merge Interactive   09/2018 - 05/2019
Front-End Web Developer Intern   St. Louis, MO

Designed interactive prototypes using Figma. Implemented custom JavaScript animation using GSAP library. Built and maintained clients' website using DotNetNuke9 (CMS). Developed custom modules, components and themes using Html/CSS(Bootstrap), JavaScript(jQuery). Suggested creative solutions and lead implementation by analyzing client websites, which resulted in increasing companies' sales and annual revenue.
